

Arddleen Circular Walk 2

Montgomery Canal

- Full walk 2.7 miles / 4.3 km
- Shorter walk 2.25 miles / 3.6 km

A short walk which takes you on a circular route along Montgomery Canal from Burgedin Locks to join a section of the Guilsford Arm, a branch off from the main line of the canal. This disused section of canal is now in part a nature reserve. Follow the towpath along the deepcut section of the Arm before crossing the road to join quiet country lanes which lead you back to the main line towpath and Burgedin Locks.

Walking Conditions : A fairly level route which follows the canal towpath, roads and open fields. Crossing of step over styles is required. Ground conditions may be wet or muddy underfoot with overgrown vegetation in parts.

Grid Reference for Burgedin Locks Car Park : SJ 253146 (OS Landranger Map 126 / OS Explorer Map 240)
